

What Does DepotNet Do?

DepotNet is an ecommerce service provider help people without IT skills to create and run their professional online store easily, inexpensively and successfully.

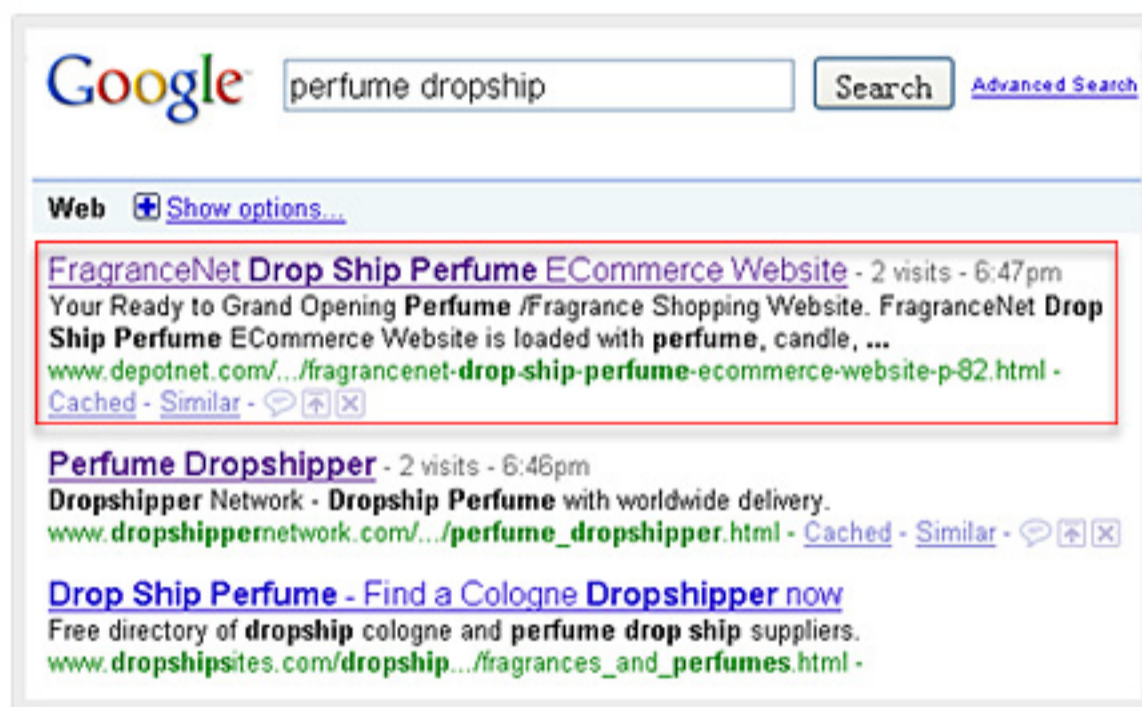

We are not only providing the commerce shopping cart website, but most important, we are also providing Automate Datafeed Loading services to e-retailers.

Benefit to Join

Get More Resellers

Recruiting the target members to join your reselling program, you get free potential clients from DepotNet every day. We keep maintaining keywords with very good search engine rankings, every day we have many target customers signing up and they will see your wholesale/dropship program.

Reduce Reseller Frustration

Adding and updating hundreds or even thousands of products into an online store is a very time-consuming job, and it is still the very big hassle that prevents most of your resellers from setting up their online store easily. We automate the product & images loading procedures. Your products will be listed on the resellers' websites automatically.

Increase Sales Volume

By using our automated datafeed loading services, your resellers can save a lot of time and money that can be invested to their marketing. Hence, they will be able to generate more sales for you.

It's FREE to join

And moreover, we will share our revenue with you. It's a win-win solution for you and your reseller. It is always a good idea to introduce DepotNet's automate datafeed loading ready to go online store services to your resellers who want to sell online. We will share our revenue with you for the referral, and it is a life time commission based sharing.
